## School Transition

During the summer term we will be providing some additional support for families regarding school transitions. This will include short videos on our website focusing on strategies to prepare children for transitions at key points in their school journey (such as starting Reception, moving to Junior or Secondary School).

We will also be hosting Stay & Play sessions during the school summer holidays for children starting at our academies in September.

Further details to follow.

## Nurturing Links Programme

The Nurturing Programme is a 10-week parenting course that looks at family life in a thoughtful and fun way. It helps support positive behaviour in children and goes much further than that by looking at the emotional needs behind our children's behaviour.

The Nurturing Programme benefits both children and parents by:

- improving mental well-being;
- improving the child's behaviour;
- improving family relationships;
- improves the child's long term educational and future prospects;
- building self-esteem; developing communication and social skills;
- teaching positive ways to improve resolve conflict; encouraging parents to take time for themselves.
